## Art Requirements

If you have a logo or artwork that is more than one color, the colors must be separated on individual sheets in order for us to reproduce the artwork adequately. This is called color separated, camera ready art. You may put art on a floppy disk, zip disk or compact disk in EPS format, or email to [tokenotes@hamiltonmfg.com](mailto:tokenotes@hamiltonmfg.com). For logos and special artwork, please mail CAMERA READY COPY.

Screens & shaded areas do not reproduce well. If you supply art with screens, we will do our best to reproduce, but cannot guarantee results.

## Sample Clip Art

The following sample images are available for imprint on your Tokenotes®. When ordering these sample images, please indicate image number, desired location, and approximate size on Imprint Area 1 on the sample Tokenote®. The image number is located below the image.
